

To Whom It May Concern:

I had the pleasure of being a mentor to Anthony at Coding Campus. Anthony did an excellent job at Coding Campus. He was the first one there and often the last to leave everyday. He was tenacious at working through intimidating problems and progressed every day.

He is personable and extremely caring. He worked very well in any teams he was put in. He was quick to offer assistance and share his knowledge. I have enjoyed watching the way he has grown and excelled at Coding Campus.

I would recommend Anthony not only for Python/Django and front end positions, but any development position because of his ability to learn new things.
